EXECUTIVE SUMMARY

EMOTIONAL, NUTRITIONAL AND SPIRITUAL WELLNESS IN MARYLAND

Family Restoration and Healing Center

Helping Lives Achieve 360° Wholeness

Family Restoration and Healing Center, Inc. (FRHC) is a non-profit community health and empowerment organization whose mission is to restore families, mind, body and spirit through education, counseling, case management and supportive services. FRHC invites you to become part of a team which is committed to creating a more successful community by helping individuals, families, and communities achieve wholeness! Our program, called “**360 Wholeness**”, provides education and wraparound services to at-risk children, teens and adults in the DC/Maryland metro region. We specialize in:

- impacting behavioral health and workforce development;
- preparing youth to avoid risky behaviors;
- improving parent/child communications;
- And implementing evidence-based programs, with supportive services that help families and individuals to be whole.

The FRHC strengthens the **minds, bodies and spirits** of individuals and families who face obstacles on their road to success. Since 2011, FRHC has helped 1,800 adults, youth and families navigate the road to a better life, resolve behavioral barriers, become employment ready and achieve youth and family success through our education and counseling (average 300 per year). In 2017 we enrolled 742 residents in our various programs; over 400 were impacted through education and counseling, and 3000 more through community awareness activities, publications, and multimedia resources that build awareness and change behavior. 75% of those served are low income African American or Latino.

With domestic violence homicide, suicide, mental illness, gang membership, drug abuse, etc. on the rise, families in our community are faced with many challenges. FRHC is part of the solution. We equip at-risk children and adults to avoid destructive behavior, heal from trauma, and succeed at home and at work. With each success, our community becomes safer, more productive, more competitive and more sustainable.

As a 501(c)3 tax exempt organization, FRHC accepts resources from public and private entities and invests them in the community, one family or individual at a time. Private contributions are tax-deductible, and volunteers are welcomed. We hope you will stand with us to ensure that individuals and families in our community have an ally in achieving wholeness and success! Together, we help make the DC/Maryland Metro Area an even better place for all of us to live and work!
